### Mission and Vision

#### a) Mission

We pride ourselves on being the provider of quality private security training that is industry and learner focused. It is our mission to deliver innovative, yet relevant security programmes as stipulated by PFTC, PSIRA and SASSETA while contributing with integrity and commitment to the community ideals of skills development and employability. Our mission is to meet regulatory requirements as they apply to private security training institutions and training academies and exceed the expectations of quality.

#### b) Vision

The vision of Milites Dei Security Services MDSS is to lead and inspire quality private education and training throughout the Mpumalanga Area and South Africa.

#### c) Values

MDSS's core values are:

- Integrity: Ethical Security Conduct, Fairness, Transparency
- Excellence: Accountability, Professionalism, Performance
- Accessibility: Respect, Academic Commitment; Skills Development and Employability

#### d) Priorities

In line with the vision, the priorities of Milites Dei Security Services are to:

- Build a quality and reputable Milites Dei Private Security Services Training Brand Name in the Mpumalanga area and South Africa.
- Ensure quality standards within the two focus areas of (i) industry needs regarding the employment of qualified tactically advanced staff as required by the private security industry, and (ii) teaching and learning of PFTC, PSIRA and SASSETA accredited teaching and learning;
- Skills programmes as required by the private security industry that is not necessarily included in accredited qualifications but are desperately needed by the industry, and
- Engage in various community projects.

- Ensure sustainable growth of the MDSS Campus through the provision of innovative, relevant and market driven advanced tactical private security and educational products focused on getting a student ready to hit the road running when employed
- Monitor and control operational costs to ensure operation at optimum efficiency

## Implementation plan

To achieve these strategic objectives, we must consider the following:

Customers are the judges of how well we serve them, and through them we serve the economic sector and the social well-being of the country. We need to deliver higher quality products at lower cost and constantly improve our training programmes. We deliver training programs that are aimed to transform organisations and individuals and we pride ourselves on the relationships that we establish, develop and nurture with our clients.

Efficient equipment, educated, expert, qualified staff members and good relationships with suppliers.

Ensure progress in the quality of services provided and the building of a company that each stakeholder (student and future employer) can be proud of.

To provide financial stability Milites Dei Academy should maintain a strong financial position and ensure a favourable balance between income & expenses exist.
